Smart Choice[®] Ltd. Shingle Warranty Improvement

Now With Enhanced Wind Coverage!

<i>Product...improvements are in bold</i>	<i>Wind Warranty Coverage (Years)</i>	<i>Wind Coverage Miles Per Hour</i>	
	<i>Now</i>	<i>Standard-Without Special Installation</i>	<i>Maximum-With Special Installation</i>
Timberline [®] Natural Shadow [™] (see note 1 below)	5	70	100
Timberline [®] Prestique [®] 30 HD [®]	5	80	110
All GAF-Elk shingles with a 40 year ltd. warranty (see note 2 below)	5	80	110
All GAF-Elk shingles with a Lifetime ltd. warranty (see note 3 below)	10	80-110	130

Special installation requires 6 nails per shingle and use of certain GAF-Elk Starter Strip Shingles (those with factory-applied adhesive) on the rakes and eaves. The use of GAF-Elk ridge cap shingles is highly recommended. See limited warranty for full coverage and restrictions.

Notes:

- (1) All legacy GAF and legacy Elk shingle products with a 30 year ltd. warranty will qualify for the same coverage and limitations as Timberline[®] Natural Shadow[™] shingles.
- (2) All legacy GAF and legacy Elk shingle products with a 40 year ltd. warranty will qualify for the same coverage.
- (3) All legacy GAF and legacy Elk shingle products with a Lifetime ltd. warranty will qualify for the same coverage.

When: Shingles installed after April 1, 2008 will automatically receive the upgraded warranty coverage.

Questions: Call the Warranty Registration Team at 1-888-532-5767, option 1.
